## THE CHANCE GLASSWARE COLLECTION PINTO X CASARIALTO

For the past 50 years, and always faithful to the generous, colorful and eclectic universe of its founder, PINTO has been creating unique, bespoke designs for its international clientele. With its furniture and tableware collections, PINTO transposes this universe and its know-how into exceptional objects for a wider clientele of both amateurs and decorating professionals.

By developing exclusive collaborations and limited edition collections with designers and artists such as Stefano Pilati, Dominique Mercadal and Véronique Rivemale, PINTO is opening a new chapter in its history.

This is how the collaboration between the Venetian glass manufacturer CASARIALTO and PINTO was brought to life. A love for the art of entertaining is what unites these two great brands. Sensitive to cultural diversity and international inspiration, the two brands celebrate the art de vivre imbued with warmth and emotion.

Founded in 2008, CASARIALTO is based on the concept of creating high-quality, unique and practical products by supporting the work of small Italian artisans. Catherine Urban, founder and artistic director, develops collections of exceptional tableware, objects and small furniture by working closely with the finest Italian master craftsmen and constantly experimenting with new techniques. Tradition and innovation, combined with a flexible approach, CASARIALTO offers collections imbued with originality.

*“I’ve always been very attached to tableware, thanks to my mother and her unconditional passion which she passed on to me. This was the starting point for the development of CASARIALTO when I arrived in Venice. With PINTO, we wanted to pay tribute to the influences and historical links between Venice, the Middle East and Paris.”*

For the first time, PINTO unveils a collection of glassware to match its famous fine Limoges porcelain sets. Fahad Hariri and Pietro Scaglione immersed themselves in the CASARIALTO collections and fell under the spell of the Petalo collection, whose four-lobed chalice is reminiscent of the lucky four-leaf clover.

*“We are delighted with this new collaboration. We were amazed by the shape of the glasses, whose corollas delicately open out to welcome the most delicious drinks. As we are very attached to the art of entertaining, we have been keen to broaden our offer with glassware that perfectly complements our porcelain.”*

The *Petalo* collection has been customised exclusively for PINTO. The mouth-blown glasses have been embellished with a gold-painted border on the rim, a nod to the motif of PINTO's Chinoiserie collection of plates, also entirely hand-painted. The gilded decoration is created by a Venetian artist in the CASARIALTO workshops.

The *Chance* collection by Pinto x Casarialto, illustrates the sense of detail and the unique know-how of art craftsmen. The Chance collection includes two transparent stemmed glasses in two sizes and a water goblet in 4 colors: blue, green, pink and yellow. Available to order from September 7, 2023 on the PINTO e-shop.
